

Sharpak Compact sharps containers

The SHARPAK® COMPACT sharps container has been specially developed to meet the growing needs of clinical staff involved in giving injections as well as for those who have to self administer medication by means of a disposable needle and syringe.

It is not always practical to have access to a safe means of disposing of used sharps and this container provides a purpose designed product which is safe, simple to use, portable and compact in size.

The SHARPAK COMPACT is approved to the British Standard BS7320:1990, French Standard NF X 30-500 and tested and certified in accordance with the provisions of the United Nations recommendations on the Transportation of Dangerous Goods, Chapter 9, UN3291 Clinical Waste, Unspecified, NOS.

The SHARPAK COMPACT offers the following features:

MANUFACTURED, TESTED AND CERTIFIED TO
BS7320:1990 AND NF X 30-500

UN TESTED AND CERTIFIED

SUPPLIED ASSEMBLED

EASY TO OPERATE ROTATING OPEN/CLOSE/LOCK
CLOSURE

COST EFFECTIVE

PURPOSE DESIGNED STAND AVAILABLE

ACCEPTS UP TO 5ML SYRINGES

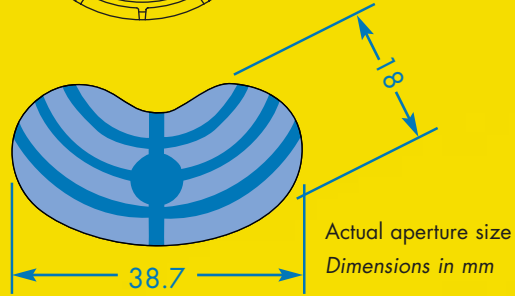

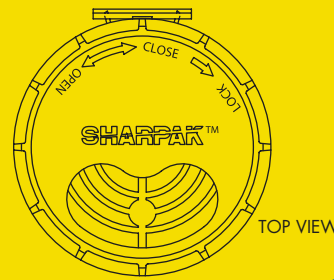

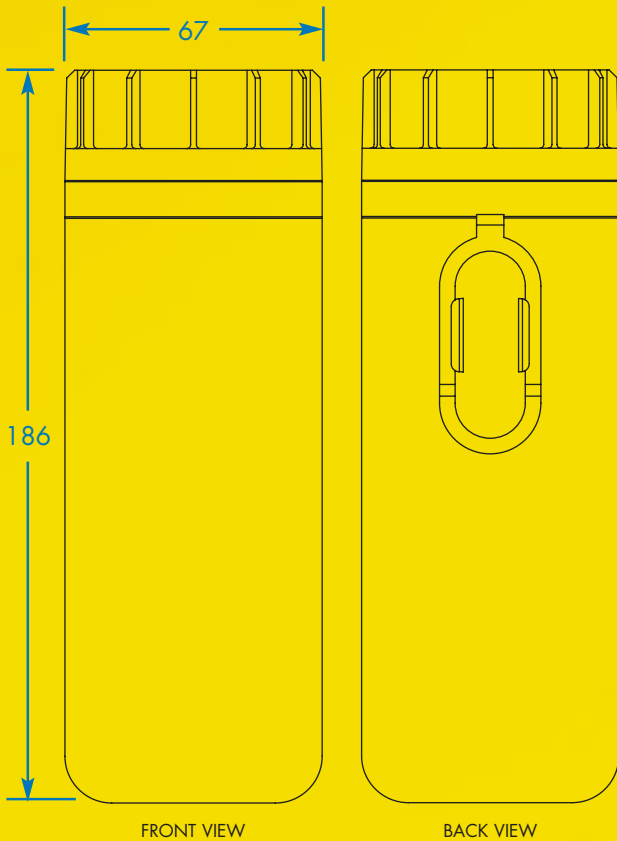

SUITABLE FOR USE WITH THE SHARPAK PROCEDURE TRAY

ALSO AVAILABLE WITH AN OPEN APERTURE
(NO NON-RETURN PETALS) COMPACT 'O'

There is also a demand for a sharps container with all the same safety and performance features as the SHARPAK COMPACT sharps container but where the user wishes to be more discreet. To meet this need the SHARPAK NX5 is available. The 'only' difference

between the two products is that the SHARPAK NX5 has been manufactured with a grey base and black closure and the labelling has been kept as small and as simple as possible.

Compact stand

OPEN

1ST POSITION 'HALF OPEN'

2ND POSITION 'CLOSED'
